## **UNDERGRADUATE TEACHING**

### **Imperial College Year 5 pathology**

I lecture on breast and pancreatic pathology and provide examination questions for these topics.

### **Oxford University Laboratory Medicine Course**

Whilst in Oxford I lectured to fourth year medical students and provided small group tutorials and post mortem demonstrations.

## **POSTGRADUATE TRAINING**

### **Lead Educational Supervisor for histopathology trainees at St Mary's Hospital**

### **Co-organiser of Hammersmith FRCPath exam preparation course**

A 3 day course which allows candidates to take a complete mock examination with feedback and tips for success.

## **AUDITS**

### **Breast cancer audit, Wycombe Hospital.**

An audit examining all breast cancer resection specimens over a one year period ensuring compliance with minimum dataset information and also grading ratios of symptomatic carcinomas.

**Audit of grading of breast carcinomas, Stoke Mandeville Hospital.**

An audit examining the grading ratios of symptomatic breast cancer resection specimens over a one year period.

**Audit of macroscopic descriptions of lung resections, Bristol Royal Infirmary.**

An audit examining the macroscopic descriptions of lung cancer resection specimens using minimum dataset criteria as a standard.

**POSTER PRESENTATIONS**

**OSNA® Intra-Operative Sentinel Lymph Node Analysis is Feasible at a District General Hospital. Carton JR, Cunnick GH, Chia YC. Pathological Society 195<sup>th</sup> Scientific Meeting, 8-9 January 2009, King's College, London.**

A study investigating the accuracy and feasibility of a new molecular method of analysing sentinel lymph nodes intra-operatively for metastatic breast carcinoma.

**PUBLICATIONS**

Carton J, Daly R (2011). *Oxford Handbook of Clinical Pathology*. Oxford University Press, Oxford.

Carton J, Daly R, Ramani P (2007). *Clinical Pathology*. Oxford University Press, Oxford.

**AREAS OF EXPERIENCE**

My areas of interest and experience are skin, urological, and breast pathology. I report within Royal College of Pathologists and NICE guidelines and am signed up to national EQA schemes in each of these specialties.
